Post Award Research Updates

Josh Rosenberg
Sr. Director, Grants and Contracts
RI Sponsored Programs

**AWARD DATA: FY19 – 23 (YTD through Period 5: November)**

**Key Takeaways:**
- Awards for Georgia Tech totaled over $639 million, with the average award size at $391K.
- On the RI side, awards increased 12.4% to $279 million (the big driver was a large award related to the Build Back Better Program under the Department of Commerce).
- We are projecting 3.0% growth for RI awards relative to last year, as award growth often slows in the latter part of the fiscal year.

Key Takeaways:
- Top 15 sponsor types/agencies by award dollars in FY23 listed above; totals at the bottom reflect awards from all sponsors.
- While NSF continues to be our largest sponsor, the distribution has become less concentrated in recent months.
### Key Takeaways:

- Direct expenditures are down 2.6% YOY and indirect expenditures are up 8.3% YOY.
- The big decrease in direct expenditures is due to HEERF funding (found in “Other Direct Costs”) in FY22 not occurring in FY23.
- Salaries and fringe benefits combined have increased 3.3% YOY.
- Subcontract expenses have continued to be down YOY (13.9%).
- Equipment costs are up over 159%, with a significant increase in November ($1.1M) associated with one award.
- Domestic and foreign travel expenses have increased significantly with the relaxing of travel restrictions.
## Grants and Contracts INVOICING and FINANCIAL REPORTING

### FY22 – FY23 (YTD through Period 5: November)

**Notes:**
- G&C continues to reduce the counts of outstanding financial reports and invoices. Efficiency reports show reductions in unbilled invoices (counts and dollars) of 10 – 15% relative to the prior month.
- Invoice counts are lower primarily due to the number of LOC draws performed per month. It doesn’t impact the dollars collected, but it does impact the counts.

Grants and Contracts: FINANCIAL ANALYSIS: FY22 – FY23 (YTD through Period 5: November)

Key Takeaways:
• While journals have increased 65% YOY, the percentage that reflect “appropriate” grants management has improved from 67% to 78%!
• Independent of journal activity through November, the analyst team managed 505 award initiations, 1,110 award modifications, 2,875 award corrections, and 184 service now tickets.

Key Takeaways:
- This data represents awards where actual spending plus obligations and commitments exceeds the current budget.
- The biggest risk area is dollars associated with “past-term” awards (the end date has passed).
- Each month at the beginning of the month, Grants and Contracts provides exception reports at both the award and individual grant level to unit financial managers.
- We are also now sending out a cost share exception report to help units manage cost share requirements.
- The exception dollars past-term continue to improve each month, which reduces our compliance risk considerably.
Notes:
• PI Articles that I will be writing and issuing each month for research faculty and unit financial staff are available on our grants and contracts website (https://www.grants.gatech.edu/pi-articles).

<tbody>
<tr>
<td><strong>Change Position Funding – Enhanced Chartfield Details Display</strong>&lt;br&gt;<strong>Issue:</strong> Users requested Enhanced Chartfield Details display, which will display Fund, Dept, Program, Class, Project/Grant ID, instead of only the combo code view.&lt;br&gt;<strong>Solution:</strong> Tab added to display chartfield details for Current/New Distribution sections of Change Position Funding Transactions.</td>
</tr>
<tr>
<td><strong>GT Only – Encumbrance Process – Prorate Terminations</strong>&lt;br&gt;<strong>Issue:</strong> Prorate encumbrances for all encumbered GT paygroups for terminations.&lt;br&gt;<strong>Solution:</strong> Update Code at FETCH-PAY-PERIOD_EARNING step to include EMPL_STATUS. Change step to use pay end instead of mid. Also, added call to new procedure Get-Term-Prorate using WORKDAYS().</td>
</tr>
<tr>
<td><strong>Express Direct Retro (EDR) – EDR Past Grant End Date</strong>&lt;br&gt;<strong>Issue:</strong> Users request to be able to enter an EDR transaction if the grant has ended and the Pay Period End date is within the grant period and (for GT) within the 90 day limit configuration.&lt;br&gt;<strong>Solution:</strong> SYSDATE/Acct date replaced with PAY_END_DATE when verifying Project End Date.</td>
</tr>
</tbody>
</table>
To post supplemental pay with a Change Position Funding transaction

- Select an earnings code for the type of payment - If an earnings code isn’t specified for supplemental payment, the payment will be disbursed according to the regular pay of the position funding distribution.

- Select the distribution percentage - The funding distribution must equal 100% per earnings code.

- Select the correct worktag
Commitment Accounting Update

Specific ledger accounts can be selected for EDR transactions. For example, if you need to move supplemental pay only:

- Search by employee ID > select ledger account and pay period end date

  Or

- Click the Combo Code Details tab on the EDR search page, confirm you have selected the correct ledger account for the transaction and click ‘next’.
Over 90 Day Salary Cost Transfer

- Only applies to EDRs when moving salary onto a grant (e.g. 03GR00000000)

- Complete transmittal form with detail explanations
  - Found on Budget Office Website
  - Provide responses that will pass audit scrutiny

- Common reasons to exceptions
  - Initial or continuing sponsor funding delayed beyond 90 days.
  - Specific approval received by sponsored agency
  - Transfers to cost share or between grants within the same award

- Job Aid: How Do I Submit A Current Fiscal Year Late Express Direct Retro (over 90 days) Request?
Over 90 Day Salary Cost Transfer Form

- Provide detailed responses to all justification reason questions that pass audit
- Provide supporting documentation

Project Accounting Updates

Glenn Campopiano
Director, Project Accounting
Grant lines & Budget Revisions

A few slides on Requesting a New award/ Grant line and Budget Revisions.

Creating additional grant lines can help you manage tasks, interdepartmental transfers and incremental funding (especially on awards with no carryforward).

Also for some ONR awards with multiple ACRN payment lines it helps G&C invoice correctly.
Grant lines & Budget Revisions

- **Grant Lines**
  - Set up distinct period of performance
  - Allocate a portion of budget for a task or another researcher.
  - Create a line for Equipment purchases or to track specific M&S charges for fabrication later on.
  - Group travel or conference expenses
  - Participant costs will /should always have a dedicated grant line.
  - Instructions in Service Now
Grant lines & Budget Revisions

Request New Award Line/Grant

Revised by Thomas Ware • 2y ago • 126 Views • ★★★★★

Introduction

Overview

This is a department-initiated process to request that a new Award Line/Grant be added to an existing award while the total award amount remains the same.

Considerations

Policies related to this process may be found in the Business & Finance Policy Book.

- Examples of when to initiate this process: Add an Internal collaborator to the award, add a new sub-award that was not proposed in the original budget.

- If the total award amount has changed, a modification must be initiated by the Office of Sponsored Programs or Office of Industry Engagement and the Award Amendment process completed by Grants & Contracts Accounting in Workday.
Grant lines & Budget Revisions

• Budget Revisions
• When you add a grant line you will have to add budget to it.
• After receiving the new grant line the next step is to do the budget revision – moving budget from an existing line to the new line.
• Sometimes a budget revision is needed due to a change in the way the project is progressing. Maybe you received sponsor approval to add more salary expense by reducing travel expense.
• Some sponsors (GDOT) require updated budgets when you spend outside of the original budget.
• Instructions in Service Now
Grant lines & Budget Revisions

Budget Amendment for Organization

Introduction

Overview
This process is used by Grant Managers to amend and re-allocate funds within a grant or multiple grants within an award.

Considerations
Policies related to this process may be found in the Business & Finance Policy Book.

- The Award and all award lines/grants must be submitted and approved by Grants & Contracts Accounting.
- The employee completing this step must belong to the appropriate company, if not Georgia Tech.
- An original award budget must exist in order to complete this step.
- If re-allocating funds between multiple grants within one award, all funds that are being transferred must be deducted from the original grant and added to the new grant.
- If re-allocating funds between one grant, all funds that are being transferred must be deducted from the original object class and the same amount added to one or more object classes.

Instructions
Travel Expenses

Travel Spend Authority Approvals

• Before approving check the following:
  1. Does award allow travel? Do you need prior approval from sponsor?
  2. Does award have sufficient budget to cover expenses?
  3. Is foreign travel allowed?
  4. Will travel occur in POP?
  5. Is person traveling being paid by award during travel period?
Travel Expenses

Approving Travel Expense Reports

• Before approving an expense report:

1. Check budget again. If approval was required attach documentation.
2. Review spend codes for accuracy
3. Use correct category – foreign or domestic for spend codes like parking. If trip is outside of US then related expenses like airport parking should be foreign not domestic. Yes I know car is at US airport but the trip is foreign travel. It keeps expenses in correct budget category.
4. Review “other” expenses for allowability
Cost Accounting Updates

Andrew Chung
Cost Accountant II
Annual Statement of Reasonableness

• A list of high-risk, unsigned ASRs sent to UFM’s

  • Includes ASRs with Federal expenditures (highest risk). Federal ASRs attract more questions and are generally more prone to audit.

  • 225 unsigned ASRs identified as high compliance risk.

  • 381 ASRs that’s confirmed by the employee but not yet confirmed by the UFM.

• The high-risk ASRs need to be returned back ASAP. They can be emailed to easr.ask@business.gatech.edu or to Andrew.chung@business.gatech.edu
Service Center Compliance Risk

• Need to ensure that service centers are charging the published rates. The rates for all service centers are published on the Grants & Contracts website: https://grants.gatech.edu/policies-and-procedures/facilities-and-administrative

• Pay attention to effective dates of the rates – especially if rates change during a fiscal year. It is department’s responsibility to keep track of when the rate changes go into effect and charge for the correct rates.

• Ensure service center usage (Rate * Qty) is being reported correctly on the SCARV. This helps determine whether the center is under or over-recovering for each service.

• E.g. On a recent audit, we found out a service center was charging out for a service that did not have a published rate. A new equipment was added but G&C was not informed. This poses a compliance risk.
Compliance Updates

Charles H. Derricotte III
Financial Compliance Program Manager
Sandia Awards – Best Practices

• Any significant changes to Senior or other personnel needs a revised budget and approval by Sandia Buyer.
  • Best Practice - Ensure positions are clearly identified on budget/budget justification

• Any purchases of Material’s and Supplies or Equipment is budgeted
  • Special attention should be given to any computer purchases to make sure budget and approved

• If no budget exists, make sure the Sandia Buyer approves purchases and revises budget accordingly.

• If Foreign/Domestic Travel was not originally budgeted, then the P.I.s must submit an updated budget to Sandia. The updated budget has required approvals from the SDR (Sandia Designated Representative) and the Sandia Buyer. The Sandia Buyer is the only person authorized to execute and/or administer this subcontract for NTESS (National Technology and Engineering Solutions of Sandia, LLC). The buyer has the authority to determine which costs are allowable on a Sandia award not the SDR.

• Manuals and Notices | Grants and Contracts Accounting (gatech.edu) <Sandia Foreign Travel Guidelines>
Cost Transfers – Key Information

• Cost Transfers that are required to correct errors or to achieve the proper, consistent, and equitable distribution of costs to sponsored projects will be allowed, provided adequate justification for the change is furnished by the requesting department and necessary approvals that certify the accuracy of the charges are received by Commitment Accounting and Grants and Contracts Accounting.

• A Cost Transfer made within 90 days after the posting date of the transaction will be considered timely.

• In exceptional instances, Cost Transfers may be required after the 90-day period. In such situations, it is acceptable to process a Cost Transfer beyond the 90-day limit if the Cost Transfer request is properly supported and certified, and adequate documentation is provided.

• All requests for a non-personal service Cost Transfer should originate with the department that originally approved the charge. The request will require adequate supporting statements that clearly indicate that the costs being moved to a project are directly related to the project scope, allowable by the project budget, and incurred in a timely manner such that they benefit project activities.
Cost Transfers – Do’s and Don’ts

• DO NOT CHANGE the Proposed Budget Date on a Cost Transfer
  • These dates must align with the Requisition of the expense being transferred

• Ensure Line Memo details exact reason of transfer. (i.e, Correcting Posting Error, Delayed Funding, etc)

• Cost Transfer should include sufficient and reliable information regarding expense.
  • Invoice that includes quantity, item, and total charges that matches cost transfer amount on journal entry memo line
  • Relevant email communication
    • Emails with sponsor approvals should be include with support
    • Be aware any documentation is subject to audit so only upload relevant portion of the communication
  • Budget justification if moving equipment to a different grant/award
  • If Salary is being transferred, then include – Employee cost detail & revised ASR (Prior Year Adjustment)
  • Documentation should support conclusions made in Cost Transfer Questionnaire
## Cost Transfers – Questionnaire

### 1. Why is this cost transfer required?

- **1. Clerical Error**
- **2. Original grant provided was incorrect**
- **3. Reallocation of time entered**
- **4. Reallocation of supplies not used**
- **5. New grant (grant not previously setup)**
- **6. Renewal award**
- **7. Pre-award costs**
- **8. Other**

### Example

<table>
<thead>
<tr>
<th>1. Why is this cost transfer required?</th>
<th>2. In the space below, please explain why the expense was not originally charged to the correct grant, and how the expense benefits the scope of the work on the “to” grant.</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Clerical Error</td>
<td>Moving to new funded worktag, same award</td>
</tr>
<tr>
<td>2. Original grant provided was incorrect</td>
<td></td>
</tr>
<tr>
<td>3. Reallocation of time entered</td>
<td></td>
</tr>
<tr>
<td>4. Reallocation of supplies not used</td>
<td></td>
</tr>
<tr>
<td>5. New grant (grant not previously setup)</td>
<td></td>
</tr>
<tr>
<td>6. Renewal award</td>
<td></td>
</tr>
<tr>
<td>7. Pre-award costs</td>
<td></td>
</tr>
<tr>
<td>8. Other</td>
<td></td>
</tr>
</tbody>
</table>

### Reviews

- Ensure you are listing the correct reason for the cost transfer.
- Reviews has seen number of transfers use #1 Clerical Error and #8 Other instead of #5 and #6. Cost Transfer will be returned if transfer reason does not match cost transfer documentation and reasoning noted on Questions 2, 3a, and 3b.

### 2. In the space below, please explain why the expense was not originally charged to the correct grant, and how the expense benefits the scope of the work on the “to” grant.

- **Example:**
  - Moving to new funded worktag, same award
  - Was newly funded
  - Just received new worktag?
## Cost Transfers – Questionnaire

<table>
<thead>
<tr>
<th>1. Why is this cost transfer required?</th>
</tr>
</thead>
</table>

| 2. In the space below, please explain why the expense was not originally charged to the correct grant, and how the expense benefits the scope of the work on the “to” grant. |

| 3a. Explain why the error was not identified and correctly timely (within 90 days of the original transaction) |

| 3b. Explain what steps are in place to prevent the need for a late cost transfer going forward. |

- State clear description and explanation of why cost transfer is required. (e.g. question no.2/3) (I.e, Awaiting funding, sponsor request) Should correlate with response to question #1.
  - State grant line and prime award number where funds are being transferred from and to as applies.
  - State concise “descriptive change reason” in every transaction.
  - State associated individual name’s and or job title’s (e.g. GRA, Post Doc, Student Assistant, PI) for respective travel, conference & registration costs (e.g. call out conference name, etc.), salary transfer.
Cost Transfers – Questionnaire

1. Why is this cost transfer required?

2. In the space below, please explain why the expense was not originally charged to the correct grant, and how the expense benefits the scope of the work on the "to" grant.

3a. Explain why the error was not identified and correctly timely (within 90 days of the original transaction)

3b. Explain what steps are in place to prevent the need for a late cost transfer going forward.

- 3a. Include clarifying language (i.e., who identified error and why)
  - Ex) Identified by P.I during closeout process
  - Ex) Identified by department during review of expenditures
  - Best Practice – Review expenditures on awards on a quarterly basis to ensure accuracy.

- 3b. State clear proactive measure taken to prevent further late transfer occurrence
  - DO NOT restate explanation from 3a.
  - Do not leave blank or cost transfer questionnaire will be resent.

<table>
<thead>
<tr>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Why is this cost transfer required?</td>
<td>3. Other</td>
</tr>
<tr>
<td>2. In the space below, please explain why the expense was not originally charged to the correct grant, and how the expense benefits the scope of the work on the &quot;to&quot; grant.</td>
<td>This is being charged to a cost-share line, funded by GTRC funds. Previously, the expense was charged directly to the GTRC funds, so it wasn’t captured in Workday as cost-share. We’ve since set up the lines correctly, and are moving the expense to the GTRC-funded cost-share line from the GTRC account so everything reports correctly.</td>
</tr>
<tr>
<td>3a. Explain why the error was not identified and correctly timely (within 90 days of the original transaction)</td>
<td>The department had not done GTRC-funded cost-share previously. We now know the procedure.</td>
</tr>
<tr>
<td>3b. Explain what steps are in place to prevent the need for a late cost transfer going forward.</td>
<td>We have documented the process for gift-funded cost-share and can manage this up front and timely moving forward.</td>
</tr>
</tbody>
</table>
Transfer does **NOT** meet any of the following 90 day exceptions

1. Initial or continuing funding is delayed > 90 days after effective date
2. Specific approval received from the receiving sponsor
3. Transfer is between grant lines on the same award or between awards that share the same core contract, e.g. new task order
4. Transfer is to a fixed price or private/industry award where cost are allowable and allocable
5. Write-off of an overrun or unallowable charge to a recognized discretionary source (GTF/State)

**Staffing shortages or simply missing a correction is NOT an acceptable reason after 90 days**
Workday Reporting Updates

Amy Zhang
Application Support Analyst Lead
The SABER PEB report can now be found directly on the Award view within the Overview tab.

Users can now see budget vs actual data directly on the award page without navigating to a separate report.

The report has been optimized for this view so we recommend using this view if you typically run the SABER report at an individual award level.

The report data is refreshed every time the tab is accessed and data is always as of current date.

Special Thanks to The Enterprise Application and Data Integration Team!
SABER PEB Now Available on Award Overview

### Award Information
- **Sponsor Award Reference Number**: 2204387
