Research Updates

Josh Rosenberg
Executive Director, Grants and Contracts
Georgia Tech Research (RI and GTRI)

**TREND ANALYSIS:**

**Actuals (AWARDS):**
- FY24: $1,365,758,652
- GTRI: down 7.6% and $72.0 million ($869.4 million in FY24 vs. $941.4 million in FY23)
- RI: down 3.2% and $16.4 million ($496.4 million in FY24 vs. $512.8 million in FY23)
- GT Overall: down 6.1% and $88.4 million ($1.366 billion in FY24 vs. $1.454 billion in FY23)

**TREND ANALYSIS:**

**Actuals (EXPENDITURES):**
- FY24: $1,338,875,003
- GTRI: up 7.6% and $60.2 million ($856.1 million in FY24 vs. $795.9 million in FY23)
- RI: up 9.3% and $41.2 million ($482.7 million in FY24 vs. $441.5 million in FY23)
- GT Overall: up 8.2% and $101.4 million ($1.339 billion in FY24 vs. $1.237 billion in FY23)
RI Sponsored Programs

AWARD DATA: FY20 – 24 (YTD through Period 12: June)

Key Takeaways:

- Awards for Georgia Tech totaled $1.366 billion.
- On the RI side, awards decreased 3.2% to $496.4 million. On the RI side, the largest:
  - Increases came from colleges/universities/research institutes, the Department of Energy, and DHHS.
  - Decreases came from the Department of Commerce and Industry sponsors

</tbody>
</table>

Key Takeaways:
- Top 15 sponsor types/agencies by award dollars in FY24 listed above; totals at the bottom reflect awards from all sponsors.
- The biggest decrease is from the Department of Commerce ($34.7 million in awards in FY23 versus $15.6 million in FY24). DHHS, Dept. of Energy, and Colleges/Universities/Research Institutes were the biggest areas of growth.

</thead>
<tbody>
<tr>
<td>YTD change in FY24 over FY23</td>
<td>12</td>
</tr>
<tr>
<td>YTD percentage change</td>
<td>1.1%</td>
</tr>
</tbody>
</table>

Notes:

- Invoiced dollars (and counts) have remained consistently higher year over year, while financial reporting is essentially even year over year.
- RPA “bots” continue to function very well on both the invoicing and reporting side.
Grants and Contracts: FINANCIAL ANALYSIS: FY23 – FY24 (YTD through Period 12: June)

Done through June

<table>
<thead>
<tr>
<th>G&amp;C ANALYST TEAM: JOURNALS</th>
<th>FY24</th>

<tr>
<td>“Red Flag” Grants Management</td>
<td>263</td>
<td>249</td>
<td>19%</td>
<td>20%</td>
<td></td>
</tr>
</tbody>
</table>

Appropriate Grants Management: F&A adjustments, accounting adjustments, in-kind cost sharing, month-end entries, audit, blank object class, tuition correction, equipment entries.

“Red Flag” Grants Management: Primarily prior year Salary and Planning Distribution (SPD) transfers, past term/overages.

Key Takeaways:
- The statistics on journals show an 1% decrease relative to last year, although there remains a very slight increase in “red flag” journals as a percentage of the total.
- Independent of journal activity through June, the analyst team managed:
  - 1,190 award initiations,
  - 2,721 award modifications,
  - 6,327 award corrections,
  - 2,441 closeouts, and
  - 337 service now tickets.
# Award Dollars in Exception Status

## Key Takeaways:
- This data represents awards where actual spending plus obligations and commitments exceeds the current budget.
- The biggest risk area is dollars associated with “past-term” awards (the end date has passed).

### Award Exceptions (Overspent) - as of July 1

PI ARTICLE: Why F&A Rates Differ Amongst Institutions

Around the country, you will see that each university has F&A rates that are different from the rates we have at Georgia Tech. And in some cases, the rates may be dramatically different. You may wonder why there would be such differences, when the rules and calculation methodologies are basically the same across all institutions. Some of the most likely reasons for these differences include: More PI articles are found in the archive.

Commitment Accounting Updates

Jason Cole
Commitment Accounting Director
Commitment Accounting

- Review FY2025 Position Funding
- Funding loaded from annual budget developed in April 2024.
- Correct FY2025 funding with a change position funding transaction to avoid submitting an EDR.
- Expired Grants will cause funding to post to suspense, or cost overrun worktags.
- Extend grant end date or transfer salary to a valid funding source
- Establish cost share as soon as possible to avoid over 90 day requests
- Meet with PIs early and often
Commitment Accounting

- FY2024 Transactions
  - 12,057 CPF transactions 11,153 approved 904 (7%) denied
  - 14,511 EDR transactions 11,479 approved 3,032 (21%) denied

- Common Reasons for Denials
  - Missing appropriate approver
  - Missing current employee cost detail report
  - New and Original worktags are the same
  - Transferring salary that isn’t available
  - Incorrect effective date
OneUSG Cost Detail Reports

• Update fiscal year parameter to FY2025
• Schedule large reports to run outside of normal business hours
• Takes a while to run large reports
• Slows down reports for other users
• Create separate run control ID for scheduled reports
• One or two users run reports for department and share
OneUSG Cost Detail Reports

• Select **Add a New Value** to enter a new Run Control ID to run the Employee Cost Detail.

• Use different Run Control ID for scheduled reports

• If you already have a Run Control ID set up enter in the field and select **Search**.
OneUSG Cost Detail Reports

- Report by department

Project Accounting Updates

Glenn Campopiano
Director, Project Accounting
Recently a few instances of improperly reporting effort has come to my attention. I would like to emphasize the importance of correct effort reporting and how it is the basis for GT’s Plan Confirmation System.

Using Commitment Accounting, effort is encumbered and expensed on grant lines.

As GT Resident Instruction (RI) research does not use timecards to record effort charged to the research projects individuals must provide estimates of their percent of time doing the work.

If at the end of the month the percent of effort charged is materially different from what was recorded the individual must convey this to the finance person responsible for making the Express Direct Retro (EDR) change to post the correct effort. Monthly review of the Workload Assignment Form (eWaf) by the employee is mandatory. One cannot and should not fix errors by manipulating the effort charged or not charged in subsequent months. For example, if an RE had estimated 20% for March but ended up working 50% an EDR for March should be done. Do not add 30% to April and not correct March.
Personal Services Reporting (Effort Reporting)

- Any and all effort is to be reported in the month that it is expended. One cannot work on a sponsored project and not charge effort for that period. You cannot “save up” or “bank” effort to be summed up and charged in a month you did not do the work. If traveling on a grant, effort needs to be charged for the travel period.

- 9-month Faculty cannot save up effort expended in the academic year in order to create a summer salary. 9-month Faculty can work on sponsored projects in summer but may only charge their actual effort for that period. In practice Faculty should not be 100% on research in any month due to non-research work that consumes part of their monthly effort. This should also apply to summer months if doing research in summer. It should go without saying if Faculty are receiving summer pay they should not be on vacation for that same time.

Cost Transfers

• Again G&C will be focusing on the causes of the many cost transfers done across sponsored research and other areas.

• I would like to say that many of these can be avoided if proper vetting is done before approving an expense.

• Initiators should be checking budgets for correct grant, adequate funding and allowability before submitting an expense authorization or requisition.

• Do not purchase items on one grant with the intent to move some to another later on. Split the transaction from the get go or do separate transactions.

• Before adding effort to a grant check to see if the budget can afford it and if in the right period.

• Be mindful of charging to the correct grant line in an Award with multiple grant lines. Especially those with Participant Support and Research Subject grant lines.

• Review your processes with an eye to constant improvement so to reduce errors.
FY25 Cost Share

- It is that time again to review your yearly commitments to cost share. I realize I harp on this a lot but it is so important.
- Make your plan, fund your worktags and load up the cost share effort for the year as far out as you can.
- We need cost share expenses in step with the sponsored spending as best we can.
- Please use the Cost Share Exception Report that Josh sends out beginning of the month to help you manage.
Grants and Contracts Accounting Office Hours

The Project Accounting Management Team is hosting monthly, virtual “Office Hours” for campus. Anyone is welcome to join and ask questions on the last Monday of each month, between 10:00am and 11:00am.

- For billing and reporting questions: Mary Balsor, CRA - Accounting Manager - Invoicing & Financial Reporting,
- For award set-up, modifications, grant and award line questions: Douglas Feller, CRA - Financial Manager - Financial Administration,
- For general G&C questions: Glenn Campopiano, CRA - Director - Project Accounting.

Cost Accounting Updates

Andrew Chung
Cost Accountant II
Annual Statement of Reasonableness – General Info

- 6,303 FY24 ASRs were distributed to all employees charged to Resident Instruction Grants
- Electronics ASRs require Certification by both Employee and assigned Unit Financial Manager
- ASRs are due by 8/30 and weekly reminders will be sent to unconfirmed employees after this date
- UFM please check your queue in the ASR system
- Paper ASRs will be distributed to the department of record after this date, but electronic certification is still allowed and preferred
- Manual ASRs for prior year cost transfers can be requested from the help desk or produced on the ASR page by the assigned UFM
Confirming your effort in ASR website

- Log into the ASR website:  [https://webapps.gatech.edu/cfeis/easr/easr_login.cfm](https://webapps.gatech.edu/cfeis/easr/easr_login.cfm)
- Alternative method to log in: Log into TechWorks. Under “General Applications” click on the “Electronic Annual Statement of Reasonableness(eASR) application
- Click on the “eASR Confirmation by Employee” link
Confirming your effort in ASR website

- Review the effort % distribution to each of the projects
- Pay closer attention to effort %, project & sponsor name on sponsored grants as that portion of salary will be billed back to the sponsored grant
- If all the information looks reasonably accurate (effort % not off by more than 5%), click “I Confirm”. Otherwise, click “Exit without Confirming” and contact your UFM to discuss your questions/concerns
New Certification Statement

- New certification statement applies only to “PI or other key/senior personnel”
- Key/senior personnel refers to employees whose names will appear on the research paper as the author or contributor
- Award period refers to the start and end date of the award
Cost Accounting Updates- Cost Share tuition remission JE

Justin Yoo
Cost Accountant II
Cost Share tuition remission JE : Video link

Justin Yoo- Cost Share JE Buzz.mp4
What is Tuition remission/ What is Cost Share

• Cost share tuition remission is posted monthly and must be completed after Commitment Accounting.
• What is Cost Share
• What is Tuition Remission: to help alleviate the cost of tuition.
• FY2025 tuition remission rate: $1,596. Rate approved by ONR annually.
• Below is the link for the FY2025 tuition remission rate.
• https://grants.gatech.edu/policies-and-procedures/facilities-and-administrative
What is Tuition remission/ What is Cost Share

• If a GRA/GTA on the Cost Share Grant had a change in effort on the grant line FY25 July that will be reflected in the posting at the beginning of August. The tuition is not automatic like the non-Cost Share grants.

• This happens outside of Commitment accounting
The debit is generally to ledger account 952410/SC952410 and credit to 952411/RC952410. This will be reversed if a negative is in the GSTRP report.
How to calculate?

<table>
<thead>
<tr>
<th>Example</th>
<th>FY 25 July Total</th>
<th>FY 25 July Grant</th>
<th>Effort</th>
<th>Monthly</th>
<th>Cost Share</th>
</tr>
</thead>
<tbody>
<tr>
<td>Salary</td>
<td>Salary</td>
<td>%</td>
<td>GSTRP</td>
<td></td>
<td>Calculation (1)</td>
</tr>
<tr>
<td>1,200</td>
<td>600</td>
<td>50%</td>
<td>1,596</td>
<td></td>
<td>798</td>
</tr>
</tbody>
</table>

• If FY 25 July grant salary is 50% of the July salary, we applied 50% to $1,596.
• $1,596 is the FY25 GSTRP rate.
• For example, Posted payroll in July. Someone moves grant 1 to grant 2 in August by EDR. Then we post this moves in 2nd business day in September.
Compliance Updates

Charles H. Derricotte III
Financial Compliance Program Manager
Topics for July 2024

• Salary Charged to Sponsored Projects
  • Identify Audit Risk
  • Risk Consequences
  • Best Practices

• Subaward Best Practices & Reminders

• Other Resources to Note
  • Recurring Supplier Invoices
  • Important Updates for Travel and Expenses
Salary Charged to Sponsored Projects – Identify Audit Risks

- Salary is charged to wrong sponsor
- ASR’s are not certified by 8/31 annually for the previous fiscal year
- EDR/Cost Transfers are made months after the employee has worked on project and its many adjustments
- Cost Share is not met
- Employee(s) salary charged to sponsor are not included in budget justification
Salary Charged to Sponsored Projects – Risk Consequences

- Institutions that receive federal funds are subject to audit disallowances.
- If several cost transfers/edr’s are disallowed, the auditors may extrapolate and recommend disallowing a percentage of all cost transfers.
- G&C will have to issue credits for future invoices or send back funds if the project is closed. (Sponsors may require G&C to submit more supporting documentation for future invoices.)
- Can receive a finding for ASR’s not being certified as we are not following our Personal Services institute polices and noncompliant with 2 CFR 200 effort reporting (200.430).
- Can receive internal control findings if multiple salary adjustments are observed by auditor.
- More scrutiny to institute when getting funding in future and risk of added terms and conditions that cause administrative burden.
Salary Charged to Sponsored Projects – Best Practices

- Review EWAF’s at a minimum quarterly to ensure future months effort is correct
- Utilize ECD reports in ONEUSG to review charged effort at a minimum quarterly.
- Approve ASR’s annually and timely
- Avoid EDR’s
  - Late Award Set-Up (Request an Advanced Project Number)
  - Sponsor’s request (Keep email communication)
  - Clerical Error - ensure transfer is done less than 90 days after occurrence to show quarterly review.
- Be aware of terms and conditions for the project
  - Cost Share Requirements
  - Prior Approval Requirements of sponsor (Utilize the FDP Matrix for all major sponsors)
- Save email communications if a new re-budget allocation is requested and received from sponsor. (Auditors never have this information nor request from sponsor during audit process)
- Utilize the P.I Health Check report to review individuals that currently are charged to sponsored projects.
Salary Charged to Sponsored Projects – Best Practices

• The PI Award Health Check Report can be found on the following sites:
  • LITE – Financials – PI Award Health Check
  • Workday – Campus Reporting Dashboard – Sponsored Reports – External Sponsored Links – PI Award Health Check
  • Workday – Grants Reporting – LITE and External Reports – PI Award Health Check
  • See Buzz Presentation from February 27, 2024 to get full explanation of functionality of report.
Subaward Best Practices & Reminders

- For Subaward invoices please closely review costs for alignment with budget justification.
- G&C Compliance Proactive Subaward Invoice review has yielded results with invoiced cost that was not included in budget justification. (See Workday Roles).
- P.I Article on Sub-Recipient Monitoring from May 2024 that discusses roles and responsibilities.
- Best Practice: Add Notes when approving invoice if new direct costs were added and not originally budgeted. (Show monitoring efforts of the sub-recipient-keep any relevant emails)
  - Be aware of Prime Sponsor terms and conditions

• Workday Role of Grant Manager & P.I

<table>
<thead>
<tr>
<th>Grant Manager</th>
<th>Serves as the “spend” approver, analyzing transactions for cost considerations on grant being charged. A single-assignment role.</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>• Determines whether charge is allowable, allocable, reasonable, and consistently applied in accordance with Federal cost principles under 2 CFR 200 and award terms and conditions</td>
</tr>
<tr>
<td></td>
<td>• Confirms benefit to the Grant from individual(s) with first-hand knowledge (typically Principal Investigator) via documentation attached to the transaction or additional Workday routing, as needed, particularly for late and past term transactions</td>
</tr>
<tr>
<td></td>
<td>• For subaward grants the grant manager should be financial staff</td>
</tr>
<tr>
<td></td>
<td>• Where otherwise appropriate, principal investigators who must directly approve transactions should be assigned in this role</td>
</tr>
<tr>
<td></td>
<td>• Role allows the user to create budget amendments for the assigned grant</td>
</tr>
</tbody>
</table>
Other Resources to Note – Recurring Supplier Invoices

- Employees now have the capability to create recurring supplier invoices in Workday, for payments with three or more payouts, specifically for student awards/stipends and fellowship payments.

- For detailed instructions on recurring supplier invoices, refer to the Service Now Knowledge Article: Recurring Supplier Invoices Knowledge Article.

- For payments for students on Participant Support Projects, please make sure that supporting documentation is attached.

  - Official Letter or Email from program coordinator to participants receiving stipends

  - Letter or email needs to display program information, participant name (student classification & bio), dates attending, and stipend amount (pay frequency included).
Other Resources to Note – Important Updates for Travel and Expenses

As part of Georgia Tech’s commitment to institutional compliance and adherence to government issued travel-related policies, Procurement and Business Services is sharing several updates to essential travel-related policies and procedures as well as clarifying common procedures to help ensure travelers understand how to complete their expense reports accurately and in a timely manner.

- Expense memo and business reason now mandatory effective July 1
- Spend Authorizations
- Expense Reimbursement Submission Timeliness
- Receipts and Supporting Documentation
- Conversion Rates for Expense Reports
- Expense Reporting and Dates

• For example, search Cost Transfers.
How to Request Grant Manager Change

1. Go to https://gatech.service-now.com/home, type Grant manager change in the search bar
2. Click on Grants - Grant Manager (Financial Manager) Changes
3. Fill out all the required fields, select Grant Number(s) to Person in the type of grant manager change field.
4. Add the GR numbers into the Grant Number(s) to transfer field. **Note:** you **must** provide the Grant Number (GR*******) in the ticket, if you have more than 20 grants, you can just add one grant and attach an Excel file with a list of all the Grants, Grant Manager, and Employee ID by clicking Add attachments at the bottom right of the page.
5. Input the Grant manager’s name in the New Grant Manager field.
6. Add a description in the Justification section. For example, you can put “Please change GR****** to John Smith”.
7. Click **Submit Request** button to submit the ticket.
